

DAVIDSON HAS MADE THE PLAY

Petitions Presented To The Legislature That
He Be Chosen United States Senator.

SHREWD MOVE TO BRING HIM OUT

State Capitol Building Will Be Built Of White Marble
And Granite—This Is Decided By The
Assembly Vote Today.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., March 15.—The first petition from voters in favor of the election of Governor Davidson as the United States senator to succeed John C. Spooner was presented in the assembly this morning by Assemblyman Roycroft of Chippewa county. It came from the voters of Stanley and declared against the election of any man who should think he deserves the election as pay for party services. This probably is designed to refer to the candidacy of Isaac Stephenson of Marinette. It ends by declaring strongly in favor of the election of Governor Davidson.

Denied Fact
The governor has repeatedly denied the reports and the rumors that such petitions were being sent out, and still declares that they were circulated without his knowledge and consent. It is said that the petitions emanate from friends of the lieutenant governor and republican chairman W. D. Connor, who desires the election of Governor Davidson as senator in order to secure his promotion to the executive chair.

The New Capitol
The assembly today passed the bill to build the new capitol of white granite or marble and also to build separate heating and storage plant. This means the additional cost of \$1,000,000 or more.

Killed Bills
The senate-killed two bills changing the official publication of the laws and ordinances and proceedings of the common councils. These bills were obnoxious to a great many newspaper publishers.

Bancroft Busy
Assemblyman Bancroft made a vigorous assault on the university as being extravagant.

Chicago, March 15.—In the Standard Oil trial today Judge Landis overruled the objections of the attorneys for the oil company to the introduction by the government of further evidence relating to the shipments of oil from Indiana points to St. Louis.

LEAVES FORTUNE TO CATHOLIC CHURCHES

Priest Dies Leaving His Fortune to
Different Congregations.

[SPECIAL TO THE GAZETTE.]
Wrightstown, Wis., March 15.—Father or Dewitt, who presided at the Catholic church here for thirty-one years, and who died recently, left a hundred thousand dollars to charity. He gave his congregation the church he built for it and a profit on a ten thousand dollar fund. St. Norbert college at De Pere gets forty thousand, and St. Joe orphan asylum, at Green Bay, the same sum. Several little churches get shares.

STOP WORK ORDERS SENT TO OFFICIALS

St. Paul Road Will Begin Retrenchment System at Once—First
Order Issued.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., March 15.—Orders have been received from Chicago by local officials to stop all work on the new second track for the Prairie du Chien and La Crosse divisions from Milwaukee to Brookfield Junction. The retrenchment policy is the cause of the order and much other work will also stop.

NICARAGUA MAY END THE STRIFE SHORTLY

Provisional Government of Honduras
Is Endorsed by the Govern-
ment at Managua.

Managua, March 15.—The Nicaraguan government today issued a decree recognizing the provisional government of Honduras and declaring its members to be allies of Nicaragua. The last battle fought between Nicaraguans and the Honduras was so decisively in favor of the former that

Back at Work
The reappearance of I. L. Leuroot of Superior in the field, the announcement that Senator Spooner will not change the date of his resignation and the statement by Lieutenant Governor Connor, chairman of the republican state central committee, that he will not call the republican caucus until a majority of the members and the candidates settle on some date, were the features of today in the senatorial situation.

Leuroot on Scene
Mr. Leuroot arrived in the city early and with his friends started out to work up sentiment for an early caucus. The Hatten men are making inroads on the Leuroot forces and the friends of the latter fear a further weakening of the caucus is long delayed. The Hatten and Esch men oppose an early caucus, believing that the longer it is delayed the better will be the chances of their candidates. The Leuroot men have also proposed holding an informal caucus to which only the most ardent La Follette followers shall be invited. The friends of the other candidates, however, refuse to be caught, as the Leuroot men would control such a gathering.

The Dope
The stock of Esch and Hatten is gradually rising. Stephenson's strength shows little gain. Sentiment continues to grow for Governor Davidson, who declines to announce himself a candidate, and Congressman Cooper is still looking over the field.

The Standing
One of the members who has been watching the situation closely tonight said that he believed the strength of the different men mentioned for the office was about as follows:
Leuroot.....27 Esch.....15
Stephenson.....20 Davidson.....14
Hatten.....17 Cooper.....10
It will require fifty-two votes to nominate in the republican caucus.

It is believed it will result in bringing the war to an end. General Merino and other Honduran officers were killed.

FIRST EXECUTION IN FOUR DECADES

Mobile Has Not Dealt Death Penalty
to White Man For Over
Forty Years.

[SPECIAL TO THE GAZETTE.]
Mobile, Ala., March 15.—Barring executive intervention, Mobile county today is to have its first legal execution of a white man that has taken place here in over forty years. The condemned man is Andrew Thomas, who shot his wife to death on the morning of April 26, 1906. Thomas had been in jail for a minor infraction of the laws and soon after release began to taunt and ill-treat his wife, until she was forced to return to her parents. On the morning of the murder Thomas followed his wife to the home of his mother, where she had gone to see her child. Rushing into the room Thomas pulled a pistol from his pocket and shot her. As the woman sank to the floor and was begging him not to kill her, Thomas fired a second bullet into her breast. He was arrested near the scene of the murder, convicted and sentenced to death, which sentence was affirmed by the state supreme court.

STATE Y. M. C. A. CONVENTIONS HELD

Texas and Delaware Annual Confer-
ences Are Now in Session—Sec-
ond Day at Dallas.

[SPECIAL TO THE GAZETTE.]
Dallas, Texas, March 15.—The delegates to the state Y. M. C. A. convention were up betimes this morning and prepared to make a busy and profitable day of it. The forenoon proceedings were opened with devotional exercises led by Dean A. C. Peck of Denver, Colo. Reports of several of the committees and officers were next on the program. J. B. Palmer of Galveston spoke of the religious enterprises of the association and was followed by F. S. Goodman, of New York, explaining the methods for Bible classes, shop meetings and personal work. Other subjects discussed during the day included "Problems of Young Men in Unoccupied Towns," "Problems of Young Men in College," "Physical Problems of Men" and "Problems of Industrial Classes of Men."

At Salisbury, Md.
Salisbury, Md., March 15.—Numerous delegates have arrived here to attend the first biennial conference of the Young Men's Christian Association of Delaware and the Peninsula. The formal opening takes place tonight and will be followed by an address by Rev. Hiram W. Kellogg, D. D., of Wilmington. The conference will continue over Saturday and Sunday and from present indications will be very successful.

THE STOCK MARKET SHOWS BETTER SHAPE

Conditions in New York This Morn-
ing Show Decided Improve-
ment To-Day.

[BY ASSOCIATED PRESS.]
New York, March 15.—The first prices in stock market showed large advances from yesterday's close. There were reactions soon after the opening, but during the second hour when it became known the clearing house sheets had gone through without difficulty, the prices jumped up along the list from 1 to 14 1/2 points, the latter in amalgamated copper. The market continued to be very active and buoyant during the final hour and except for a setback due to the profit-taking on the day's extensive rise, continued to the closing. Confidence seemed to be completely restored.

NEITHER CAMBRIDGE NOR OXFORD FAVORED IN BETS

Crews Of Two Great English Universities Will
Have Close Race On Thames
River Tomorrow.

[SPECIAL TO THE GAZETTE.]

London, March 15.—The annual boat race from Mortlake to Putney between the crews of Oxford and Cambridge universities will take place tomorrow and interest in the great aquatic event is as keen as ever. For weeks the papers have devoted columns to the daily work of the two crews, the betting is at its height and after all is said there appears to be little difference between the two boats.

The two crews commenced to practice the first week in January and entered strict training a month later. The last two weeks are by far the most important and during this period only it is possible to form definite opinions upon the respective merits of the rival crews. Both wisely decided to lose no time and to proceed at once to Putney in order to obtain as much practice as possible on the varying waters of the Thames course where the race will take place. Cambridge, in the opinion of most competent critics, is a more powerful combination than Oxford, but they are not so fast or so lively. It is generally agreed that the Oxford crew of this year is very much superior to the one of last year.

The past history of the race between the rival universities is unique in many respects. The famous crews have fought it out no less than sixty-three times, the first race having been

rowed in 1829. Since 1856 the event has been pulled off regularly each year without a break. Of the total number of races Oxford has won thirty-four while Cambridge has secured twenty-eight, with a sensational dead heat in 1877.

The first race rowed in outriggers was in 1846 and was won by the Cambridge crew by two lengths. The earlier struggles were under the most primitive conditions. In 1857 was held the first race in which either university rowed in the present style of eights without keel. In the same race round oars were also used for the first time. Sliding seats were used for the first time in 1873. In 1849 Oxford won the race on a foul, and ten years later received another bloodless victory, the Cambridge boat having sunk. Twenty minutes was beaten for the first time in 1873, when Cambridge won by three lengths in 19 minutes; 36 cents. This time stood as the best until 1891, when Oxford won by over two lengths in 19 minutes and 21 seconds. All previous records were eclipsed in 1893 when Oxford won by over one length in 18 minutes and 47 seconds. Seven years later Cambridge tied this time record. Beginning with the race of 1890 Oxford won for nine successive years. This was a repetition of a past performance, for it also had nine successive victories to its credit beginning with the year 1861.

ANOTHER ALIENIST IN THE THAW TRIAL

Testifies That Harry Thaw Was Not
Insane When He Killed Stan-
ford White.

[BY ASSOCIATED PRESS.]
New York, March 15.—In the Thaw trial today Dr. Wm. Hirsch, the state's alienist, answering hypothetical questions framed by both the defense and the prosecution, testified that Thaw, when he shot and killed White, knew the nature and the quality of his act was wrong. Dr. Hirsch was excused without cross-examination and Dr. Wm. B. Pritchard was called.

Drs. Pritchard and Ferris also expressed in their opinion Thaw was sane when he shot White. Delmas announced he would cross-examine none of the prosecution's experts.

Drs. Dieffendorf and Mahon said, based on two hypothetical questions, the prisoner was sane when he killed White. After the recess, Evelyn Nesbit Thaw was called to contradict Abraham Hummel. Delmas asked Mrs. Thaw, "Did you call upon Hummel in a professional capacity with a view to having his legal advice as a consultant at law?" "I did," she replied. Justice Fitzgerald ruled the defense could not now plead the profession of privilege in the hearing of Hummel's testimony, for the privilege was involuntarily waived when Mrs. Thaw herself took the stand and told of the occurrence in Hummel's office.

AMOS REHBERG & COMPANY

SAYS HARRY THAW KNEW HE DID WRONG

DR. FLINT REPLIES TO THE HYPOTHETICAL QUESTION.

QUERY OF DEFENSE USED

Cross-Examination of State's Experts to Be Searching--Hummel Answers Too Quickly for Delmas.

New York, March 15.—Answering precisely the same hypothetical question in response to which the attorneys of the defense declared that Harry K. Thaw was suffering from an unground mind and did not know the nature or quality of his act when he shot and killed Stanford White, Dr. Austin Flint, the first expert called Thursday by District Attorney Jerome in rebuttal, declared it to be his opinion that Thaw positively did know the nature and quality of his act, and knew that the act was wrong.

When court adjourned for the day Mr. Delmas had not begun his cross-examination of Dr. Flint, who is the first of six alienists to be called by Mr. Jerome.

Says Thaw Knew He Did Wrong.

After repeating to Dr. Flint the same question which Mr. Delmas put to the experts for the defense, and having him declare that Thaw was sane on the assumption of the facts stated therein, Mr. Jerome had read to the witness the prosecution's hypothetical question, which contained some 15,000 words and which required one hour and 18 minutes in the reading. Dr. Flint again said without qualification that Thaw knew his act was wrong, and is therefore liable for murder in the first degree under the statutes of the state of New York.

Mr. Delmas indicated that he would cross-examine each expert searchingly. Mr. Jerome's sanguine prophecy that the taking of testimony would be concluded by Friday night has been abandoned and those concerned in the case again look to April 1 as the earliest moment of closing the long drawn out trial.

Hummel Too Quick for Delmas.

Abraham Hummel was on the stand again Thursday, and before Mr. Delmas could object to a question put to him by Mr. Jerome the witness had got into the record the statement that Evelyn Nesbit had told him that she had informed Harry Thaw in Paris in 1903 that Stanford White positively had not drugged or betrayed her. Mr. Delmas at first moved to have the question and answer stricken from the record, but as the district attorney seemed about to consent to this plan the counsel for the defense insisted that the answer stand.

Hummel's further testimony was halted until Mrs. Evelyn Nesbit Thaw again takes the stand to testify as to whether or not Hummel was acting as her attorney when she made the statements to him which were afterwards embodied in an affidavit.

Both Mr. Jerome and Mr. Delmas were irritable Thursday and had frequent clashes.

It was reported Thursday night that District Attorney Jerome may be called to the witness stand in rebuttal by the defense. The purpose, it was said, was to question Mr. Jerome as to certain actions against Abraham Hummel. This move was taken as a reason for the defense allowing much of the Hummel testimony to stand.

An Animal Story For Little Folks

The Bull That Remembered

One fine spring morning when the buttercups were full of butter there was standing in the meadow a long legged, sad eyed little bull. It was a great day for him, for he had just come into this world, all green below and all white above, and everything

"NOW IS MY CHANCE."

was "strange and queer," and his legs were wobbly and wouldn't go where he told them. He made the most of his first days in the world, for they were to be his happiest, though he didn't know it at the time.

At the end of a week there came a cross eyed boy, with a switch, whose

feet were bare and whose face was all covered with freckles. Our little friend did not like that boy's looks, and he liked less what he did, for he drove him from his mother, he beat him with the stick, he pulled his tail, he put him in a box stall in the stable all by himself, and when he cried for mother he fed him on a bottle with a nasty rubber top.

"You horrid boy!" said the little bull. "I'll get even with you for this if it takes me years to do it. You think I can't remember because I'm a dumb beast. But you wait."

All this he said out loud, but the boy only laughed. He couldn't understand. The years went by, and little Mr. Bull grew into big Mr. Bull, but he did not forget. Each day that freckled boy came near Mr. Bull would give a low grunt and say: "I can wait. I shan't forget." By and by the boy had grown to be a young man. He put on long pants and a tall coat. Mr. Bull had grown also and put on a fine pair of horns.

One day the boy was standing in the yard looking at his pigeons. Some one had left the gate to the pasture open. Mr. Bull remembered.

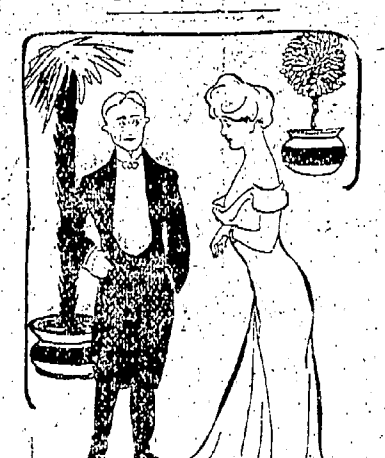

"Now is my chance," said he. He put down his head, he put up his tail, he made a bee line for that freckled boy.

The boy had forgotten, but when he crawled down off the barn roof he remembered. Boys, some animals have good memories. Look out!--Pittsburg Dispatch.

EXCLUSION ORDER FOR COOLIE LABOR

JAPANESE AND KOREANS ARE
BARRED BY PRESIDENT.

PROMISE TO FRISCO KEPT

Practically the Final Chapter in the
Controversy Over Segregation
of Oriental School
Children.

Washington, March 15.—President Roosevelt Thursday issued an executive order directing that Japanese or Korean laborers, skilled and unskilled, who have received passports to go to Mexico, Canada or Hawaii, and to come therefrom, be refused permission to enter the continental territory of the United States.

This is practically the final chapter, except so far as the question may be taken up in treaty negotiations with Japan, in the issue growing out of the differences with that country over the action of the San Francisco authorities in prohibiting Japanese school children attending the schools set aside for the whites.

Authority to refuse permission to the classes of persons cited by the president to enter the continental territory of the United States is contained in the immigration bill approved February 20. It was incorporated in that measure at the request of the president and in fulfillment of a promise he made to Mayor Schmitz and the school board of San Francisco.

Text of the Order.
The president's order in full is as follows:

"Whereas, by the act entitled 'An act to regulate the immigration of aliens into the United States,' approved February 20, 1907, whenever the president is satisfied that passports issued by any foreign government to its citizens to go to any country other than the United States or to any insular possession of the United States or to the canal zone are being used for the purpose of enabling the holders to come to the continental territory of the United States to the detriment of labor conditions therein, it is made the duty of the president to refuse to permit such citizens of the country issuing such passports to enter the continental territory of the United States from such country or from such insular possession or from the canal zone.

"And whereas, upon sufficient evidence produced before me by the department of commerce and labor, I am satisfied that passports issued by the government of Japan to citizens of that country or Korea and who are laborers, skilled or unskilled, to go to Mexico, to Canada and to Hawaii, are being used for the purpose of enabling the holders thereof to come to the continental territory of the United States to the detriment of labor conditions therein.

They May Not Enter.

"I hereby order that such citizens of Japan and Korea, to-wit: Japanese or Korean laborers, skilled or unskilled, who have received passports to go to Mexico, Canada or Hawaii, and come therefrom, be refused permission to enter the continental territory of the United States.

"It is further ordered that the secretary of commerce and labor be and he hereby is directed to take through the bureau of immigration and naturalization such measures and to make and enforce such rules and regulations as may be necessary to carry this order into effect.

THEODORE ROOSEVELT.
The White House, Washington, March 14, 1907.

Coincident with this order the president has directed dismissal of the two suits filed in San Francisco at the direction of the department of justice, which had in view the testing of the question of the treaty rights of Japanese children to enter the white schools. This step, the president has promised, to take when the school board rescinded its original action barring Japanese children from the white schools.

Disinherited Relatives Quieted by a Gift of \$240,000.

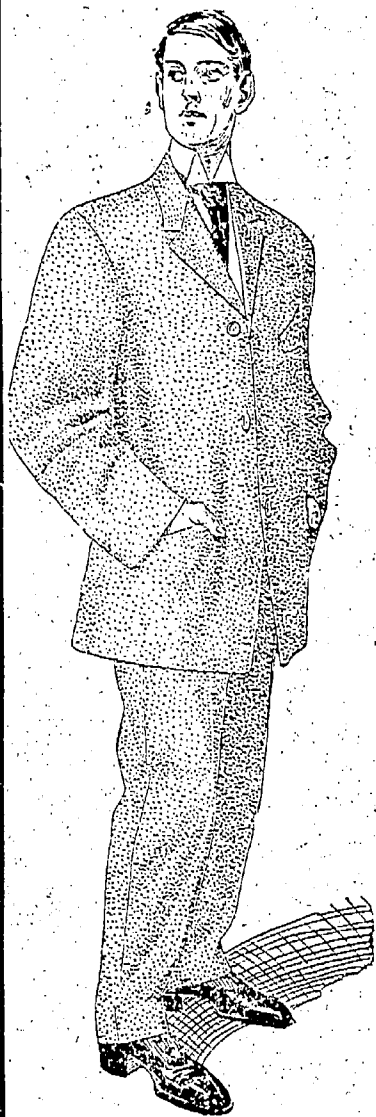

Omaha, Neb., March 15.—The threatened contest in the estate of Count John A. Creighton, the philanthropist, was settled Thursday by the contesting relatives of Count Creighton being given \$240,000 by those to whom bequests were made. Of this amount, the five lawyers who were engaged to make the contest will receive \$60,000. The contest was placed in the hands of these lawyers last Monday. The remainder of the \$240,000 estate goes to other relatives and to charitable institutions.

Schmitz and Ruef Lose.

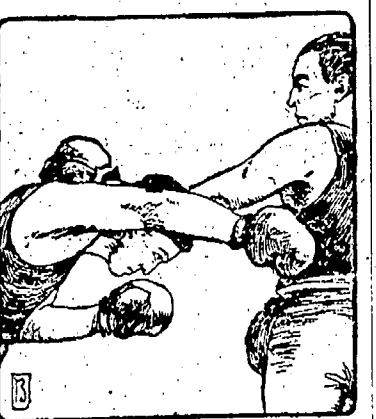

San Francisco, March 15.—The supreme court Thursday afternoon denied the writs of habeas corpus applied for by Mayor Schmitz and Abraham Ruef on the ground of alleged illegality of the grand jury. The application for another writ by Ruef will be argued Friday.

ducking his head to his left and at the same time countered by sending over his right outside or Gans' left with a sort of half swing. His right landed over Gans' head just as the champion's left arm straightened, so removing his elbow from the line of Herman's blow.

As almost all right handed blows are landed inside the line of the opponent's left arm, this blow "uncovered" by Herman should be a useful and unexpected adjunct to the "biff" arsenal of many scrappers.

PROVE IT

The great efficiency and reliability of Danderine as a hair grower and scalp regenerator have won the confidence and patronage of millions of people throughout the United States. It has attained a larger sale and is more generally used than any other article—towel or medicinal—that has ever been sold or handled by the Drug trade in this country. DANDERINE makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

SENATORIAL MUDDLE

Little real business of importance is being accomplished by the state legislature nor will there be any great activity towards legislation until the senatorial question is settled. The very air at Madison is surcharged with political electricity. At the Park Hotel Isaac Stephenson of Marinette occupies the same suite of rooms he did during his fight of eight years ago. At the Avenue Hotel Congressman Cooper and former Speaker Lenroot have headquarters and wandering about the Capitol building is former State Senator Hatten. Esch's men are diligent and Lt. Governor Connor and Governor Davidson are credited with unusual activity. Late yesterday afternoon the rumor was started that Senator Whitehead was credited with having thirty-seven or forty-seven votes in his vest pocket to be delivered to some candidate who is to beat Lenroot, possibly Whitehead himself. The report caused untold activity among the lieutenants of the other candidates. The Lenroot people tried to create a stampede to their man. Hatten's followers were disturbed. Esch's Captains got busy and the Stephenson and Cooper men were seen hurrying about. Senator Whitehead was besieged at his desk in the Senate chamber by anxious politicians and asked to deny or confirm the report. His heavy laugh over the perplexity of the opposition was enough to add fuel to the flames of suspicion and he is today being eyed with suspicion. In fact, Whitehead, were he of the political affiliation of Lenroot, Stephenson or Hatten, could have the nomination hands down. His is the name spoken of with regret by members. They wish they could vote as their conscience dictated instead of being whipped into line by the party bosses. If they were free agents Whitehead would have an easy victory. As it is, the field is still an open one. Stephenson still cherishes the idea that La Follette will take a hand before too late and call Lenroot off. Cooper believes his fourteen years in congress and devotion to the La Follette cause should count for something. Hatten and Esch would like to see the lightning come their way, while Hudnall, who has officially withdrawn from the race in favor of Lenroot, would re-enter the lists at a moment's notice should the opportunity be given him. The prospects are that the first vote will be taken next Tuesday, but no one is certain. This is one of the elements that keeps the entire legislation in suspense. It will either be settled in a few ballots or dragged out into a long and tedious campaign.

REFRAIN FROM ENDORSEMENT
Thus far the Gazette has refrained from endorsing any of the candidates for city office. The primary election law is a wonderful creation. It does away with the old party lines. The oldtime caucuses where republicans attended one night and democrats another is wiped out. Instead a democrat can pass a republican candidate's papers and a republican a democratic paper. The democrat can go into the caucus, vote for the weakest republican candidate, while his friend's place in nomination a strong democrat. A republican do the same with his democratic brother's list and no one is the wiser. There is no republicanism or democracy about the primaries. The will of the people is supposed to nominate the candidates. The days of party affiliations and party workers is past. This leaves the question of active support of a ticket so nominated in doubt. It is not compulsory to support a republican or democratic nominee after nomination, but a selection can be made of the best men in the field regardless of party affiliations.

BRING OUT VOTES

Assemblyman Grassie of Milwaukee has a bill in the legislature which fixes a poll tax of three dollars upon every male voter in the state. This tax is to be remitted if the voter casts a ballot at the primaries and at the general election. In other words to save the payment of three dollars a man must vote. He is compelled to exercise the rights of franchise granted to him under the constitution. Mr. Grassie's idea is a good one. Whether it will work out in practice is a question. In theory it is feasible. In practice it may not be so good. However, it is a move in the right direction and while no such law exists at present every voter in the city is urged to be present at the polls on Tuesday next to vote for the nomination of good candidates for the municipal government.

Congressman Cooper has come out for the United States senatorship. At last he has broken cover and is now in the open. Whether he will be successful or not, he has made his formal announcement that his lightning rod is in position for the senatorial

electrical storm which is due next Tuesday.

There are a series of bills before the legislature to cut down the legal rate of publication of election notices. The man who originated the bill has arranged a sliding scale for its enactment which he obtained from a Chicago advertising agency. This is a sample of the careful research and investigation of the average legislator who seeks to reform state laws.

Pittsburg is again suffering from awful floods. Tales of suffering are heard all along the Ohio river and soon it will reach the lowlands of the Mississippi and more stories will be told of the great damage done by the Great Father of Waters.

It is understood that the railroads are preparing to fight the two-cent fare law rigidly in states where the traffic is not sufficient to be conducted on this basis without a loss to the corporations.

There are still several days before primary day in which to investigate the fitness of the different candidates for the office they seek. Look into their records carefully and then cast your ballot for the best man.

A robin has been heard chirping away in the third ward and one small boy reports that the sap in the soft maples is running. Ho, for spring and the Easter bunnies.

Honors are even in the fight for city clerk. Both men are good businessmen, both have physical disabilities. It will be hard to choose between them.

Time and tide wait for no man, neither does primary day. Vote early and then be sure that you have voted right and in the interests of good government.

Under the primary law there can be no splitting of tickets at the primaries. The voter will have to cast a straight republican or democratic ballot.

Under the new regime of the Wisconsin roads a dozen persons in the same family can ride on the same five-hundred-mile book at the same time and all for two cents a mile.

If each congressional district had a senatorial candidate in the field and each district supported their candidate to a man the fun would be worth watching.

If Bailey of Texas could read the handwriting on the wall he would follow Spooner's advice and retire gracefully.

The Chicago girl who wants to wear trousers has forgotten that she can not pin them up.

Jerome and Delmas are still fighting out with Harry Thaw's neck as the prize to be won or lost.

There will be more than the office if President Roosevelt is induced to again run for office.

Mr. Baumann was not seriously injured and was performing his duties on the jury this afternoon.

An Animal Story For Little Folks

THE BUSYBODY

One day Mr. Trunks was quite sick. It was all because he had taken too much of the pink lemonade that the peanut boy in the circus, where Mr. Trunks resided, had given him for a joke. And just as he was feeling the worst there came buzzing along Mr. Bluebottle fly.

He was one of those busybodies that always mix themselves up in other people's affairs and always know what is best for boys and girls, much better, indeed, than their parents.

"Oh, dear, I'm so sick!" moaned Mr. Trunks.

"You eat too much," buzzed the fly in his right ear.

"You ought to take nuffin!" "Oh, fly off!" cried Mr. Trunks. "You increase my pain." And he jabbed at him with his trunk and missed him again.

"I know all about your case," buzzed Mr. Bluebottle close to his mouth. "I have been all summer around a soda water fountain in a drug store, and I am now quite a skilled doctor. You should take liver pills and then salts

"NEXT TIME YOU WILL MIND YOUR OWN BUSINESS."

and then tonic. No candy, no tarts, no peanuts. Go to bed at 8. Study your lessons in the afternoon and never at night. I should advise you to give up the circus business, as it is too wearing."

"Will you please go away?" groaned Trunks.

"You ought to have a mustard plaster on your stomach and a blister on your head."

An idea struck Mr. Trunks. "Mr. Fly," he said, "do you suppose if you stung me on the head it would do for a fly blister?"

"Of course! Most certainly! I shall try at once," buzzed the busybody.

Trunks lowered his head and Mr. Fly lit. He began to sting. Mr. Trunks began to fill his trunk with pink lemonade.

Suddenly he raised his trunk, shook off Mr. Bluebottle, aimed at him as he flew by and doused him with the contents. "Next time," said he, "you will mind your own business." I think he did.—Detroit Journal.

An Animal Story For Little Folks

THE UNFAITHFUL GIRAFFE'S FATE

The giraffe and the rooster, once formed a partnership. They agreed to share and share alike all things they got.

One day after they had looked in vain for something to eat they came to a tall banana tree.

"Ah, here we are!" cried Mr. Rooster. "Help yourself, Brother Giraffe, and toss a few of the juicy bananas down here to me."

But Mr. Giraffe had forgotten the bargain he had made.

"COME UP AND HELP YOURSELF."

"Hand me a banana, I say," cried Mr. Rooster. "I am so hungry I can hardly see straight. Hand me a banana or two."

But Mr. Giraffe only laughed and said: "There is plenty of good, ripe fruit up here, partner. Come up and help yourself."

"Very well," replied Mr. Rooster. "If you will not let me share your dinner I shall let everybody know that you are here."

Then he raised himself upon his toes, flapped his wings and crowed as loud as he could. "Cock-a-doodle-doo-o-o-o-o!"

Some hunters who were near by heard the rooster and came running to the scene. They threw a lasso about the giraffe's neck and took him away to spend the rest of his days in a circus. The rooster they gave a good home, and he lived to a ripe age very happily.—Atlanta Constitution.

Jean Baptiste, the well known St. Louis wrestler, has been active on the mat this winter and has several additional matches in view. Baptiste is a French Canadian and is probably the best wrestler of his nationality ever produced.

Baptiste frequently uses a novel hold in his matches, a hold that requires great strength in the execution thereof. The hold is shown in the accompanying illustration. Baptiste raises a

man's legs from the mat (when his opponent is on all fours), and secures the reverse of the ordinary crotch hold, one arm extending down his opponent's back, the latter's legs extending in midair. With his other hand Baptiste reaches down and grasps the back of his opponent's neck and pulls the head toward himself. This removes the support of his opponent's body, and Baptiste then falls heavily on him, bringing him flat on the mat.

The South Coast Yacht club of Los Angeles, Cal., has issued a circular stating the conditions of the ocean race from San Pedro, Cal., to Honolulu, which will start on June 11 and which will be conducted under the joint auspices of the South Coast Yacht club and the Hawaii Yacht club.

The circular says: "This race is open to all yachts of not less than forty feet water line, to be confined to any regularly organized yacht club of any country, without restrictions as to rigging, crew (professional or amateur) or sails, but no motive power other than sails shall be used."

The executive committee of the United States Golf association has decided upon the dates for the three national championship tournaments. The open event will come first, being held on June 20 and 21 on the links of the Philadelphia Cricket club. The following month, from July 9 to 13, the amateurs will meet for their championship at the Euclid Country club of Cleveland, while the women's championship has been set for Oct. 7 to 12 on the course of the Midlothian Country club, near Chicago.

Effect of Cider on Health.
There is a remarkable testimony to the beneficial effect produced by cider on the general health. Is Successful Business Man.
Editor Gazette: Mr. Harry Brown, who is a candidate for alderman in the third ward, is, first of all, a business man and a successful one.

He is a tax payer and is personally interested in the progress of the city and in the economical administration and in the city council, want to know where the city's money goes and what the tax payers get for it. His experience as a business man, his knowledge of values and his independence of judgment will stand the city, as well as the third ward, in good stead. He has no fine spun theories to exploit and no personal interests to serve. The continual menace in taxation in our city is due somewhat to growth, somewhat to greater demands on the municipal government, but largely to the carelessness and recklessness on the expenditure of money by the city council. Mr. Brown's intentions, I believe, will always be cast against extravagance in the city's affairs.

Importing Game Birds.

Some of the wealthiest sportsmen of Vermont are now engaged in a movement to stock the coverts of Vermont with foreign game birds. Among the birds which it is believed can be introduced into the state are the daleys, which is native to Norway; the capercaillie, which is found in the highlands of Scotland; black cock and ring-necked pheasants.

Simplicity Itself.

An Irish lawyer has suggested a remarkably neat and simple method of abolishing perjury. He proposes that in future the administration of the oath—without which perjury is impossible—shall be dispensed with—Punch.

Cause of His Good Health.

Mrs. Wilcox says a wife should put love into every kiss she gives her husband. Quite so, quite so. And also into the bread, the steaks, the soups and the apple sauce.—The Commoner.

Deep Breathing.

Practice deep breathing exercises for the circulation and to develop the chest and lungs. Inhale slowly and to the full capacity of the lungs, hold the breath for a few seconds and then as slowly exhale the breath.

Dr. Richards' Dental Idea

To give my customers a little better work, at a little lower price, than they can possibly get it elsewhere.

To be satisfied with small gains and strive harder to please than my competitors.

To treat every customer justly and honestly.

The only profitable transaction is the "square deal."

No business can be permanent unless it is built on the ground of fair dealing.

We would rather be called honest than rich and we would rather be honest than be King.

Honesty, Skill, Reliability and Application from the only four cornerstones upon which can be built the superstructure of success, financially or otherwise.

I give my patients, for \$5, the very same crown that others charge \$10 for.

That's why, for one reason, that my business grows every day.

I endeavor to do you Painless work, and that's another reason that my business is on the increase.

Try me for your next Dental work.

CLEVER WORK BY CHIEF APPLEBY

LOCATED, DE JONGH, WANTED BY COLUMBIA PHONOGRAPH CO.

GOES FOR PRISON TONIGHT

Is Held in Milwaukee Waiting His Arrival—Alleged, to Have Stolen Money and Forged Checks.

City Marshal Appleby left this afternoon at four-fifty for Milwaukee with a warrant for the arrest of J. DeJongh, until recently Janesville manager of the Columbia Phonograph company. Mr. DeJongh suddenly disappeared from Janesville a week ago Wednesday and it is alleged that some three hundred and sixty dollars of the company's money took wings at the same time. Several other minor bills and the charge of several alleged forged checks also await explanation on his return to the city.

Mr. DeJongh posed as an exile from South Africa while in the city, who had lost everything in the recent Boer war. It is alleged by officials of the phonograph company that this is the second time he has "done" the company under different names. An official of the company came to Janesville this morning and swore out the warrant for his arrest. Appleby discovered the location of the man in Milwaukee and as soon as the warrant was issued wired Milwaukee officers to arrest him. He will be brought back here tomorrow.

This Is Your Store.

A Store of Words and Not of Deeds
Is Like a Garden Full of Weeds.

Put a tax on words and what and income the country would have! Silence is a jewel, but few people wear jewels. Any goose can quack. An empty barrel makes a great sound rolling down hill.

A store may talk big when it does big things. Weeds never get a start where the plowman keeps plowing away. Old goods never get a chance to stick in a store where business constantly plows through it.

Every Department will be cleaned of its present stock while the contractors are at work re-modeling the entire block--The prices following are even unreasonably low, for it is our desire to sell every article of merchandise and then open the GREAT WHITE STORE with a new spring stock. Read every item. Quality and Price will open your purse.

A Paint--Not a Risk

Patton's Sun Proof Paint is almost as elastic as rubber. This is one of the most important requirements, because a paint that fails to expand and contract with the material it covers, will be torn to shreds by changes in the temperature.

Patton's Sun Proof Paint will stand the greatest extremes of weather. It protects the surface perfectly. It does not rot or eat away the surface it covers.

It is water-proof, will not melt and is not affected by gases.

And back of this actual test, you have their written guarantee for five years, assuring you of successful results. We have every color you want--Let us figure with you.

JAPALAC
Registered
"WEARS LIKE IRON"

is very easy applied by anyone who can handle a brush. It is ready for use. It brightens the home. All colors here.

The Rise of Jimmie Johnson.

V.—SUPERINTENDENT JOHNSON.

Johnson WANTED something better; therefore, being wise, hesitated not at all his WANTS to ADVERTISE. Found a place as Superintendent, managing the "Gazette." He was Mister Johnson now, which shows that he had "riz."

Before The Footlights.

In all its history the New York theatre has never held such large audiences as gathered there during the long runs, last season and this, of McIntyre and Heath in "The Ham Tree." by long odds the most humorous musical entertainment on earth. People

dians is admittedly the most humorous ever presented by any two performers. McIntyre and Heath in "The Ham Tree" will be the attraction at the Myers theatre Friday, March 22.

"On the Bridge at Midnight" William L. Roberts, the author of

SCENE FROM "ON THE BRIDGE AT MIDNIGHT." LIFE SAVER IS DROWNED.

Stranding of Steamer Gowanburn Results in One Death.

New York, March 15.—One life was lost Thursday as the result of the stranding of the cargo steamer Gowanburn off Great South Beach, Long Island, Wednesday.

The life-saving crews in the vicinity have been standing by since the vessel went ashore and attempted to put a working crew on her decks. As the life boat approached in a heavy sea the long steering sweep snapped and Edward Johnson, the helmsman, was swept overboard and lost. The boat, with its crew and wreckers, was in grave danger of being swamped in the breaking seas or dashed against the sides of the steamer, but finally was beached safely.

The Gowanburn swung broadside on the sands during the early hours of Thursday and pounded heavily. Final all of the 17 Chinamen in the crew were landed in the breeches buoy, Capt. Forbes and crew of 13 white men remaining aboard.

MISTAKEN FOR KIDNAPERS.

Travelers Arrested on a False Tip at Salt Lake City.

Salt Lake City, March 15.—Two women and a man were taken from a south-bound train here Thursday night, the police, believing that a child in their custody was the missing son of Dr. Horace Marvin of Dover, Del. At the police station the suspects promptly exonerated themselves and were released.

It transpired that the trio had been followed all the way from Chicago by private detectives and that the latter save the tip which caused the travelers so much annoyance.

To Take Treasure to Manila.

El Paso, Tex., March 15.—Lieut. Short, of the Twenty-fifth Infantry, stationed at Fort Bliss, received orders Thursday to report at San Francisco and take charge of \$2,000,000 of Philippine currency and convey it to Manila.

Buy it in Janesville.

Letter to Mr. William Zuili, Janesville, Wis.

Dear Sir: We shall feel obliged if you write us how you came out on your first few jobs Devco, as to gallons expected and used.

Take Job A: You made your price expecting to use 25 gallons Devco; and used 15. Job B: You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devco by what you have used before.

Here's how a few came out. A. Needham's painter, Ida Grove, Ia., estimated 6 gallons for his house and returned 2 gallons.

The High School building at Sioux Rapids was painted inside and out last summer. Painter estimated 70 gallons, but had to return 10. The painter for Henry Kirch, Mazomanie, Wis., said that it would require 14 gallons to do a job. When the job was finished he had six gallons left; was probably figuring on basis of lead and oil.

Our agent at Richland Centre, Wis., writes: Wm. Keogan, a farmer near Bear Valley, painted his house. He'd always used 12 gallons of mixed paint previously. Sold him seven gallons, he returned one.

Sid Chastin painter for A. Archie, Waterloo, Wis., said he'd need ten gallons of Devco lead-and-zinc, so did Mr. Humphrey, the dealer. After a two coat job, had five gallons left. The same house had one coat lead and oil some years before and took eight gallons.

Edward Harper of Mt. Sterling, Ill., said he needed 17 gallons of paint for his house, based on estimate of leading painters. Our agent, Mr. Brooks, figured 9½ gallons would do it.

You see how it goes. Even the best painters can't guess little enough at first.

Yours truly,

F. W. DEVCO & CO.

JANESVILLE PLAYED
ALL AROUND BELoit

Score of 114 to 26 Was Result of
Game at Y. M. C. A. Building
Last Evening.

Over the phone yesterday afternoon
the manager of the Harmonia club
basketball team of Jefferson canceled
their game with the local Y. M. C. A.
five and in order not to entirely dis-
appoint those who expected to gather
to witness the contest last evening
the Janesville management arranged
to have a picked aggregation come
from Beloit. The visitors represented
four institutions—the college, the
academy, the high school and the Y.
M. C. A.—but the team were entirely
outclassed by the home boys. When
time was called at the end of the sec-
ond half the score stood: Janesville,
114; Beloit, 26.

To play Belvidere at Beloit
To determine which is the better
team the Janesville and Belvidere Y.
M. C. A.'s will play the last in a
series of three games on neutral
ground, each organization having se-
cured one victory. Arrangements have
been made to have this contest in
the Beloit Y. M. C. A. Saturday,
March 23. J. L. Rogers, Y. M. C. A.
physical director at Freeport, and a
Beloit man will act as officials.

High School Track Team
The try-out for the mile relay team
which will represent the Janesville
high school in the state carnival at
Madison tomorrow was held in the
school gymnasium late yesterday after-
noon. Places were taken as fol-
lows: first, Jensen; second, Cunnin-
gham; third, Stewart; fourth, Tiernan;
fifth, Baker. The best time made was
54.3 seconds and hopes of bringing
honors home from Madison are en-
tertained.

SUPPOSED INFERNAL MACHINE
CAUSED TERRIBLE AGITATION
ON SOUTH JACKSON STREET

Officer Champion Found That It Was
a Bomb, Not a "Bum" He Was
Expected to Arrest.
Over the telephone wires about
seven o'clock Tuesday evening came
a message to Officer Peter Champion
from 154 South Jackson street, call-
ing upon him to hurry to the scene
and take charge of a bomb. Inasmuch
as the officer misunderstood his in-
formant, supposing it was a "bum"
he was expected to take under his
wing, an infernal machine was fur-
thered from his thoughts as he hasten-
ed to the scene. He found several
agitated ladies grouped at a discreet
distance from a mysterious looking
black object lying on the lawn. It
had tubes protruding and lacked only
a sputtering fuse. Officer Champion
walked boldly up to the discarded
flashlight battery and after explaining
its harmless character and allaying

Who Said Dinner?

Uh! xx! ?-?! !x!!

!!x!-!- Cranky and ?x-!- Because

There are many people who can see
nothing good in a doughnut except the
hole. For them there is nothing in this
world but calamity. Their greatest
trouble is to have to eat three times
a day. The stomach is in rebellion,
and this is immediately shown in a
man's face. A man to be successful
must have sunshine inside. The world
already has too many dyspepsia faces
that breathe disaster and gloom.

Stomach trouble is the most com-
mon cause of discontent, sour face,
recklessness, disgust and lack of am-
bition. A bad stomach—there is the
secret of many a failure. Anyone can
have a good stomach, a strong stom-
ach, a stomach that can take care of
anything and everything that is put
into it, no matter whether it is a very
bad stomach or not.

Stuart's Dyspepsia Tablets do this
very thing. One ingredient of these
little tablets digests 3,000 grains of
food, and no matter how bad your dys-
pepsia or indigestion, they will digest
everything in your stomach, thorough-
ly and completely, and better and
more quickly than a good strong
healthy stomach can do it. Stuart's
Dyspepsia Tablets will quickly cure
loss of appetite, brash, irritation,
burning sensations, nausea, heartburn,
eructation, loss of wind and energy,
bad memory, and dyspepsia and in-
digestion in their very worst forms.

No other little tablets in the world
can do so much. You should carry
Stuart's Dyspepsia Tablets around
with you wherever you go and take
them after meals. Then only will you
realize what it is to enjoy a meal, and
what perfect digestion means. Your
while body and your mind will feel
the effects; your vim will increase,
you will be more satisfied with what
the world does, you will think hap-
pier and be happier and your face will
be one of supreme contentment. That
will bring you success and then more
success. Your face will bring you
dollars. Try it. It will cost you just
50c for a package of these wonderful
Stuart's Dyspepsia Tablets, at any
drug store on earth.

CHICAGO OFFICIALS
PREDICT BUILDING

No Word from Heads of System, but
Much Gossip Among Wisconsin
Division Men.

Though no word concerning the pro-
posed assuring yards southeast of
Janesville has been received from the
heads of the North-Western railway
company there is much gossip heard
among the officers of the Wisconsin
division. These latter firmly believe
that the building is to be started at
the opening of spring and some ex-
pect to see the work completed be-
fore winter again sets in. But this
speculation will soon be over, for al-
ready preparations for spring im-
provements are being made. Fifteen
of the bunk cars which were stored
here during the cold weather were
sent to Chicago yesterday to be fitted
up for service.

To Go Around Tunnels

Another subject of gossip among
railroad men is the proposition of a
branch over which the trip from Bar-
aboo to La Crosse could be made
without passing through Sparta tun-
nels and over the hills of that region.
The rumored project is to build west-
ward from LaValle to the Kickapoo
river valley, follow that for a distance,
cut out to pass through Virgona and
then up the Racoon river valley to the
Mississippi and on to La Crosse.

ICE MEN ARE "ALARMED."

Deplore Aggressive Movements against
All Invested Wealth.

Atlanta, Ga., March 15.—Before ad-
journing its annual convention Thurs-
day the Southern Ice exchange adopt-
ed resolutions, viewing "with great
alarm the action of the national, state
and municipal governments in the
present aggressive movements against
all invested wealth in general and cor-
porations and transportation inter-
ests in particular."

The resolutions declared that legis-
lative shortening of hours of labor,
the interference against the employer
in behalf of the employee by legisla-
tive action and the attempt to inter-
fere with all kinds of business through the
law, are undermining confidence in
business investments and depreciating
the quality and standard of labor and
labor products. It was directed that
a copy of these resolutions be for-
warded to President Roosevelt.

CALVIN DEMAREST CHAMPION.

Young Chicagoan Wins First Place in
Billiard Tournament.

New York, March 15.—Calvin Dem-
arest, of the Chicago Athletic associa-
tion, lived up to his reputation as
an amateur billiardist when he won
the national amateur championship at
142 balk line at the Liederkranz club
Thursday night. He defeated Edward
W. Gardner, of Passaic, N. J., last
year's winner, by a score of 300 to
211. He won with a clean score of five
victories and no defeats. In addi-
tion to winning a leg on the new
championship cup, Demarest won the
high single average of 27.3-11 and the
high individual run of 115.

Gardner and Charles F. Conklin, of
Chicago, are tied for second honors,
each having won three games and lost
two.

Francis L. Pratt Drops Dead.
Pomona, Cal., March 15.—Francis
L. Pratt, formerly of Cambridge,
Mass., where he was a city official for
years and a friend of the poets Long-
fellow and Lowell, dropped dead here
Thursday afternoon while singing at
the local Longfellow Centenary ex-
position. His death is attributed to ap-
oplexy.

How Beach's Peosta Soap Pays for Itself

The saving of the clothes is worth more than the price of the soap because Peosta cleanses by soaking—not by rubbing. There's no wear and tear—but a saving all the way.

Just as Peosta "goes farther" in the wash tub, so it does in the dish pan, in the scrub pail, everywhere.

14.—Colored Cottons do not "run" or streak when washed. The Peosta Way. No alkali or strong soap should be used on colored clothes and the water should not be very hot. Hence the great value of Peosta—pure, mild, efficient, requiring only tepid water.

Make a good suds, using dissolved Peosta Soap (See Ad. No. 2) and lukewarm water. In second and third tubs, use clear cold water in which one or two tablespoons of salt have been dissolved.

Wash colored clothes in the warm suds, rinse in the two clear waters, wring dry, starch if desired, hang out immediately in the shade. Shirts and shirt-waists should be hung right side up, by the neckbands.

LOUISVILLE STRIKE ENDS

STREET CAR MEN WILL RETURN TO WORK AT ONCE.

Agreement Reached While Wildcat Riot of the Week Is at Its Height.

Louisville, Ky., March 15.—By a unanimous vote Thursday night the 800 striking union employees of the Louisville Railway company decided to accept the terms agreed upon by their executive committee and the officers of the company. All the strikers will go back to work and full service in the city and suburban lines operated by the company will be resumed by Friday noon.

The strike began at five o'clock last Sunday morning and caused a practically complete tie-up of all the company's lines while it lasted.

The negotiations for peace were resumed Thursday morning at the offices of the railway company at Twelfth and Jefferson streets, while the wildest riot that has occurred since the strike began was at its height only five blocks away. The roar of the mob and the occasional crack of a pistol could be plainly heard at the offices and doubtless hastened the negotiations.

The conference was participated in by President Minory of the railway company, the executive committee representative of the strikers and commit-

tees from the commercial bodies, and the Greater Louisville exposition. After a lengthy discussion the company and the men came to terms conditional on their ratification by vote of the union.

The terms provide for an increase from 18 to 20 cents an hour for new men and 22 cents for all employees after the first year; 25 cents overtime; at least 30 minutes for lunch; all strikers to be restored to their old positions and an open shop for the company in reference to the hiring of new men.

French Cruiser Is Blamed. New Orleans, March 15.—The United States board of investigation, which has been taking testimony here in regard to the sinking of the steamer Hugoma in the Mississippi river at New Orleans after a collision with the French cruiser Kleber February 20, made its report Thursday, exonerating Capt. R. Lewis and pilot W. F. Short of the Hugoma and placing the blame for the accident on the battleship.

Fatal Fire Follows Wreck. Kingston, O., March 15.—By a fire following a rear-end collision between the first and second sections of an extra freight train on the Western & Atlantic railroad here early Thursday, F. G. Maulding, flagman, was killed and his body partly cremated; Fireman Wadley of Marietta, and Engineer Cutt of Atlanta were injured and 20 loaded cars were destroyed.

WOMAN'S RIGHTS.

The Dignity and Sacredness of Motherhood.

Think of the greatest man who has ever lived upon this earth, and then think of him as he lay, an infant, in his mother's arms. Does it seem possible that he should have grown, become great in the world's estimate and perhaps had monuments erected to perpetuate his memory, and yet that the world should have forgotten even the name of the woman who bore him? The son's work is the mother's primarily and, therefore, the recognition of the dignity and tender sacredness of motherhood should no longer be delayed. It is high time that this country's greatest treasures—THE WOMEN WHO HAVE CONTRIBUTED LARGELY TO MAKE IT WHAT IT IS—should be recognized.

Why should not these good mothers be given the right to vote and have a voice in our government—a right that is accorded to some of the most ignorant, most insignificant and vilest of men?

It has been well said that "for every monument to a great man there should be a monument to his mother and the mother's monument should be built first."

But it is not so much the purpose of this brief article to advocate the just rights and privileges due to the women of this country, although it has afforded the writer great pleasure to pen the foregoing brief tribute to their worth and to the fact that when broken down in health and strength by over-work, the too frequent bearing of children, the never ending toil, worry and care of the household, or by whatever may overtax the strength and delicacy of her sensitive system, there is one, tried and proven, safe remedy upon which she may rely to regain health, strength and the power to fully enjoy life.

That remedy is Dr. Pierce's Favorite Prescription—a remedy made wholly from the roots of native forest plants which have been proven to be most efficacious, reliable and safe in the cure of woman's peculiar weaknesses, periodical pains, irregularities, wasting and weakening catarrhal, pelvic drains and kindred ailments. It is a remedy, the makers of which print its formula on every bottle-wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more bona-fide cures to its credit than any other sold by druggists for woman's special requirements; the only one which contains no alcohol in its make up.

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, while they stimulate and exhilarating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood, are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable. "Favorite Prescription" is the one remedy for woman's ills which contains no alcohol.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system.

Suburban News in Brief

EDGERTON

Edgerton, March 13.—The funeral of the late Mrs. O. J. Jensen will be held from the home at one o'clock and the Congregational church at 1:30 on Saturday afternoon.

Many from here attended the campfire in Janesville on Wednesday evening.

Dr. H. A. Keenan was a Chicago business visitor on Wednesday. Miss Mabelle Willson came home from Evanston on Wednesday for a ten days' vacation from her school work there.

Miss Grace Bennett has been ill of the grippe the first of the week.

AFTON

Afton, March 15.—That inclement weather proves no barrier to the success of an entertainment for which the Ladies Aid society stands sponsor, was demonstrated last Wednesday evening, when, in spite of bad roads, snow and darkness, a goodly crowd assembled at Brinkman's hall to enjoy a "ride" on the "Afton, Riton & Happy Hollow special," which left the union station on schedule time.

The train was in charge of Conductor Waite, with Harry Robb as brakeman, Floyd Miller as porter and Jay Antisdel as news agent. The movements of the special were regulated by Chief Train Dispatcher McCrea, who sat at the telegraph key in person and gave the necessary orders.

The union station was under the supervision of Agent O. D. Antisdel, with F. C. Miller in charge of the lunch room and Roy Antisdel presiding at the ticket window.

In the American city guessing contest Mrs. Mattie E. Miller and Miss Nora Mosher tied for first place and each were presented with prizes offered for the best answers. The patrons of the road appeared to enjoy their trip over the line immensely and only good words are heard for the A. R. & H. H. Ry. management.

Superstitious persons might be interested to know that the affair was held on the 13th day of the month and that the sum of \$13 was realized from the sale of coupon tickets and from the news agents' sales on the train.

Taken in all, the members of the Aid society are to be congratulated for the success that crowned their efforts, as well as for the progressive spirit that prompted the holding of so novel an entertainment.

Boxes with supper for two and each containing a necktie, will be disposed of at auction at Brinkman's hall next Thursday evening, and the buyers will then look around among the feminine portion of the crowd until they discover the wearer of an apron that will match in color and material the necktie thus purchased.

When this has been successfully accomplished the buyer's troubles are, or should be, practically at an end, for the fair wearer of the apron is the one with whom he is to share the contents of the box at supper time.

The Loyal Americans of the Republic are responsible for the planning of this coming event, the chief features of which will appeal to those who like to participate in social functions a little out of the ordinary.

Remember "the time"—Thursday evening, March 21st, "the place"—Brinkman's hall; "the girl"—the one wearing an apron that will match your necktie.

Clerk U. G. Waite has been elected delegate and Consul W. J. Miller alternate to represent Afton Camp No. 2192, M. W. A., at the annual convention of the Northern Illinois and Southern Wisconsin Picnic association, to be held at Rockford, Ill., Saturday, March 23.

Authoritative Styles For Spring

Fresh From the New York Market.

THE NEW SUITS are here—the first showings from personal selections made during a recent two weeks' visit to the eastern market. This season marks no radical change in style but rather a change in materials, the favorites being soft-toned stripes and checks in light shades of champagne, tan, mode, grey, etc. Both Etón and Pony Coats are shown with the Etón in first place. The present showing consists of about fifty suits, with a hundred more to come—in fact every express brings a few.

THE NEW "WORTH SKIRTS" are here of novelty fabrics, also black and colors in panama, batiste, serge and similar materials. Have skirts for large women with bands up to 38 inch, also skirts for girls 25 to 37 inch lengths. New waists also are on display.

LONG KID GLOVES—Have all sizes in stock of both 12 and 16 button length kid gloves in black, brown, tan, white, navy, green—12 button, \$3.00; 16 button, \$3.50.
